KIEV—A temperature which amazed the doctors and broke the thermometer is recorded in the case of a girl patient in one of the city hospitals. She is suffering from typhus fever, and her case attracted special attention when a temperature of 112 degrees Fahrenheit was recorded, bursting the thermometer.

In the presence of a number of professors and students her temperature was taken with a special instrument, which showed 122 degrees, later rising to 131 degrees.

The facts are vouched for by eminent professors. According to all previous experience life at such a temperature is unknown, even impossible.

TWO DROWNED—PINNED UNDER WRECKED AUTO

[By Latest Mail]
LOS ANGELES—Pinned under an overturned automobile at the bottom of a creek, George L. Ham, a former banker of Mexico City, and Dudley Harvey-Elder of Whittier were drowned last night, but their bodies were not recovered until late today.

The men were returning from San Bernardino in Elder's motor car. The machine plunged into the creek when it reached the approach of a bridge which was washed out by the rain-storm of February.

Ham spent many months in Belem Prison, Mexico City, as the result of the failure of his bank. He was released after Madero assumed the presidency of Mexico, and thereafter made his home on a ranch near Whittier.

Harvey-Elder was the brother of Mrs. Bernardo Shorb and a member of one of the most prominent families in the southern part of the state.

You may have observed that some men make a specialty of melancholy observations.—Record-Herald.
